One of the diversions which will be lacking today among the Thanksgiving sports of twenty years ago is the chicken shoot. Previous to that time, on the lot now known as Meadow Brook, every Thanksgiving day nimrods from near and far gathered at 10 o'clock in the morning for the annual test of marksmanship.

Ten rods were first measured, and

nusi test of marksmanship.

Ten rods were first measured, and the target, a three inch paper disc, was placed in position, while near at hand, confined in crates and boxes, were the noble chanticleers, waiting to change ownership and be turned over to him who should stick three or more shots into the three inch ring, the shots to be fired offhand, at ten rods.

In those days the old army musket played a conspicuous part, and if a contestant appeared whose old queen's arm had too long a barrel he was required to stand a corresponding number of feet back of the line, lest the length of barrel should render him some extra advantage.

If You Have Consumption

Do not give it to others by spitting in the car. If you do not have it, don't let others give it to you by spitting. Consumption is caught mainly through dry sputum. If you must spit, use your handkerchief.

> Committee on the Prevention of Tuberculosis, 69 Schermerhorn St.

This is one of the weapons employed in the fight to prevent the spread of the great white plague. The deadly germs of tuberculosis, lurking in the mucus discharged from consumptive lungs, get into the air and are breathed into the lungs of healthy people, where, if there is any sore spot or weakness left by a cold or other irritating disturbance, they fasten and claim another victim.

Don't perject a cough or cold. To break up a cold onlickly there is

another victim.

Don't neglect a cough or cold. To break up a cold quickly there is nothing so effective as the mixture of two ounces of Glycerine, a half ounce of Virgin Oil of Pine compound pure and eight ounces of pure Whisky. Shake well and take a teaspoonful every four hours. It clears the throat and bronchial organs, relieves hoarseness and heals irritations of the mucous surface quickly, and because of its purity, is far preferable to the ordinary cough mixtures, many of which contain chloroform or other drug. It is claimed by the Leach Chemical Co. of Cincinnati, who prepare the genuine Virgin Oil of Pine compound pure, that this mixture will break a cold in twenty-four hours and cure any cough that is curable,
